Ron,

I would like to Thank All of Perkins for a Job Well Done! Ron, Thank You for working through the changes on the load size with such patience. Everyone was extremely helpful, whenever I called. The Loading Crew and Hauling Crew were very professional and very knowledgably about how to get this job done. I want to send a special Thank You to Shelley Latham for all her hard work. She done a exceptional job! I applaud the whole group of you. You made a hard job seem easy. After the first hour of your arrival I knew I had made the right choice of carrier.

Thanks Again!

Brenda Cooper
